

HOLISTIC PHILOSOPHY

Our goal is to support the whole person. We provide integrated care designed to meet each consumers' changing needs and maximize their independence, self-responsibility and community engagement. Through our dedicated staff, supporters and community network, we offer an environment that nurtures consumers' behavioral, physical, economic, social, and spiritual well-being.

*"PsyGenics helps me deal with the past to prepare me for the future. They help make me stronger and more independent."
- Consumer*
